*Amanie Advisors Sdn Bhd is a leading, global Shariah advisory firm specializing in Islamic finance solutions. Saturna Capital has contracted Amanie Advisors Sdn Bhd to provide Shariah Compliance Certification for each of the Amana Mutual Funds.*

*Shariah Compliance Certification does not ensure a profit or secure against a loss. The certification applies only to a Fund's portfolio for the dates specified. The certification does not imply that the Fund or securities it owns are suitable for any individual.*

*The Developing World Fund limits the securities it purchases to those consistent with Islamic finance principles, which limits opportunities and may affect performance.*

*The value of Developing World Fund shares rises and falls as the value of the stocks in which the Fund invests goes up and down. Only consider investing in the Fund if you are willing to accept the risk that you may lose money.*

*Developing World stocks, which can be priced on future expectations rather than current results, may decline substantially when expectations are not met or general market conditions weaken.*

*Investing in foreign securities involves risks not typically associated directly with investing in US securities. These risks include currency and market fluctuations, and political or social instability. The risks of foreign investing are generally magnified in the smaller and more volatile securities markets of the Developing World Fund.*
