Name of grantor		Date of birth of grantor

Name of trustee Saturna Trust Company	Address or principal place of business of trustee 1300 N. State St., Bellingham, WA 98225	

The grantor named above is establishing a traditional individual retirement account under section 408(a) to provide for his or her retirement and for the support of his or her beneficiaries after death.

The trustee named above has given the grantor the disclosure statement required by Regulations section 1.408-6.

The grantor has assigned the trust _____ dollars (\$ _____) in cash.

The grantor and the trustee make the following agreement:

Article I

Except in the case of a rollover contribution described in section 402(c), 403(a)(4), 403(b)(8), 408(d)(3), or 457(e)(16), an employer contribution to a simplified employee pension plan as described in section 408(k) or a recharacterized contribution described in section 408A(d)(6), the trustee will accept only cash contributions up to \$X,XXX per year for tax year 2010. For individuals who have reached the age of 50 before the close of the tax year, the contribution limit is increased to \$X,XXX per year for tax year 2010. These amounts are in effect under 219(b)(1)(A). For tax years after 2010, the above limits will be increased to reflect a cost-of-living adjustment, if any.

Article II

The grantor's interest in the balance in the trust account is nonforfeitable.

Article III

1. No part of the trust account funds may be invested in life insurance contracts, nor may the assets of the trust account be commingled with other property except in a common trust fund or common investment fund (within the meaning of section 408(a)(5)).
2. No part of the trust account funds may be invested in collectibles (within the meaning of section 408(m)) except as otherwise permitted by section 408(m)(3), which provides an exception for certain gold, silver, and platinum coins, coins issued under the laws of any state, and certain bullion.

Article IV

1. Notwithstanding any provision of this agreement to the contrary, the distribution of the grantor's interest in the trust account shall be made in accordance with the following requirements and shall otherwise comply with section 408(a)(6) and the regulations thereunder, the provisions of which are herein incorporated by reference.
2. The grantor's entire interest in the trust account must be, or begin to be, distributed not later than the grantor's required beginning date, April 1 following the calendar year in which the grantor reaches age 70 1/2. By that date, the grantor may elect, in a manner acceptable to the trustee, to have the balance in the trust account distributed in:
 - (a) A single sum or
 - (b) Payments over a period not longer than the life of the grantor or the joint lives of the grantor and his or her designated beneficiary.
3. If the grantor dies before his or her entire interest is distributed to him or her, the remaining interest will be distributed as follows:
 - (a) If the grantor dies on or after the required beginning date and:
 - (i) the designated beneficiary is the grantor's surviving spouse, the remaining interest will be distributed over the surviving spouse's life expectancy, as determined each year until such spouse's death, or over the period in paragraph (a)(iii) below if longer. Any interest remaining after the spouse's death will be distributed over such spouse's remaining life expectancy as determined in the year of the spouse's death and reduced by 1 for each subsequent year, or, if distributions are being made over the period in paragraph (a)(iii) below, over such period.
 - (ii) the designated beneficiary is not the grantor's surviving spouse, the remaining interest will be distributed over the beneficiary's remaining life expectancy as determined in the year following the death of the grantor and reduced by 1 for each subsequent year, or over the period in paragraph (a)(iii) below if longer.
 - (iii) there is no designated beneficiary, the remaining interest will be distributed over the remaining life expectancy of the grantor as determined in the year of the grantor's death and reduced by 1 for each subsequent year.
 - (b) If the grantor dies before the required beginning date, the remaining interest will be distributed in accordance with (i) below or, if elected or there is no designated beneficiary, in accordance with (ii) below:
 - (i) The remaining interest will be distributed in accordance with paragraphs (a)(i) and (a)(ii) above (but not over the period in paragraph (a)(iii), even if longer), starting by the end of the calendar year following the year of the grantor's death. If, however, the designated beneficiary is the grantor's surviving spouse, then this distribution is not required to begin before the end of the calendar year in which the grantor would have reached age 70 1/2. But, in such case, if the grantor's surviving spouse dies before distributions are required to begin, then the remaining interest will be distributed in accordance with (a)(ii) above (but not over the period in paragraph (a)(iii), even if longer), over such spouse's designated beneficiary's life expectancy, or in accordance with (ii) below if there is no such designated beneficiary.
 - (ii) The remaining interest will be distributed by the end of the calendar year containing the fifth anniversary of the grantor's death.
4. If the grantor dies before his or her entire interest has been distributed and if the designated beneficiary is not the grantor's surviving spouse, no additional contributions may be accepted in the account.
5. The minimum amount that must be distributed each year, beginning with the year containing the grantor's required beginning date, is known as the "required minimum distribution" and is determined as follows:

(a) The required minimum distribution under paragraph 2(b) for any year, beginning with the year the grantor reaches age 70½, is the grantor's account value at the close of business on December 31 of the preceding year divided by the distribution period in the uniform lifetime table in Regulations section 1.401(a)(9)-9. However, if the grantor's designated beneficiary is his or her surviving spouse, the required minimum distribution for a year shall not be more than the grantor's account value at the close of business on December 31 of the preceding year divided by the number in the joint and last survivor table in Regulations section 1.401(a)(9)-9. The required minimum distribution for a year under this paragraph (a) is determined using the grantor's (or, if applicable, the grantor and spouse's) attained age (or ages) in the year.

(b) The required minimum distribution under paragraphs 3(a) and 3(b)(i) for a year, beginning with the year following the year of the grantor's death (or the year the grantor would have reached age 70 ½, if applicable under paragraph 3(b)(i)) is the account value at the close of business on December 31 of the preceding year divided by the life expectancy (in the single life table in Regulations section 1.401(a)(9)-9) of the individual specified in such paragraphs 3(a) and 3(b)(i).

(c) The required minimum distribution for the year the grantor reaches age 70½ can be made as late as April 1 of the following year. The required minimum distribution for any other year must be made by the end of such year.

6. The owner of two or more traditional IRAs may satisfy the minimum distribution requirements described above by taking from one traditional IRA the amount required to satisfy the requirement for another in accordance with the regulations under section 408(a)(6).

Article V

- 1. The grantor agrees to provide the trustee with all information necessary to prepare any reports required by section 408(i) and Regulations sections 1.408-5 and 1.408-6.
2. The trustee agrees to submit to the Internal Revenue Service (IRS) and grantor the reports prescribed by the IRS.

Article VI

Notwithstanding any other articles which may be added or incorporated, the provisions of Articles I through III and this sentence will be controlling. Any additional articles inconsistent with section 408(a) and the related regulations will be invalid.

Article VII

The Custodian or Trustee may amend this Agreement in any respect (including retroactively) so that the Agreement may conform with applicable provisions of the Internal Revenue Code ("Code"), or with any other applicable law as in effect from time to time, or to make such other changes to this Agreement as the Custodian or Trustee deems advisable. Any amendment made to comply with the Code, or applicable law, does not require the grantor's consent. The grantor will be deemed to have consented to any other amendment unless, within 30 days from the date the Custodian or Trustee mails the amendment, the grantor notifies the Custodian or Trustee in writing that the grantor does not consent and that the Account should be distributed or transferred to another Trustee or Custodian.

Article VIII

The Trustee or Custodian may be removed or may resign at any time. As a condition of resignation or removal, a successor Trustee or Custodian shall be appointed, provided that any such successor shall satisfy the requirements of the Code. Upon the successor's acceptance of appointment, the assets of the Account(s) shall be transferred to the successor, provided, however, a portion of the Account(s) may be reserved for payment of any liabilities that may constitute a charge against the Account(s). Upon acceptance of appointment, the successor shall be vested with all power of the Custodian or Trustee pursuant to this Agreement. The Custodian or Trustee shall not be liable for the acts or omissions of any predecessor or successor to it. In the event that no successor accepts an appointment, the custodial or trustee Account(s) shall be terminated, and the assets of the Account(s), reduced by the amount of any unpaid fees, liabilities or expenses, will be distributed to the grantor (or following the death of the grantor, the beneficiary).

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

Form 5305 is a model trust account agreement that meets the requirements of section 408(a) and has been pre-approved by the IRS. A traditional individual retirement account (traditional IRA) is established after the form is fully executed by both the individual (grantor) and the trustee and must be completed no later than the due date (excluding extensions) of the individual's income tax return for the tax year. This account must be created in the United States for the exclusive benefit of the grantor and his or her beneficiaries.

Do not file Form 5305 with the IRS. Instead, keep it with your records.

For more information on IRAs, including the required disclosures the trustee must give the grantor, see Pub. 590, Individual Retirement Arrangements (IRAs).

Definitions

Trustee. The trustee must be a bank or savings and loan association, as defined in section 408(n), or any person who has the approval of the IRS to act as trustee.

Grantor. The grantor is the person who establishes the trust account.

Identifying Number

The grantor's social security number will serve as the identifying number of his or her IRA. An employer identification number (EIN) is required only for an IRA for which a return is filed to report unrelated business taxable income. An EIN is required for a common fund created for IRAs.

Traditional IRA for Nonworking Spouse

Form 5305 may be used to establish the IRA trust for a nonworking spouse.

Contributions to an IRA trust account for a nonworking spouse must be made to a

separate IRA trust account established by the nonworking spouse.

Specific Instructions

Article IV. Distributions made under this article may be made in a single sum, periodic payment, or a combination of both. The distribution option should be reviewed in the year the grantor reaches age 70 ½ to ensure that the requirements of section 408(a)(6) have been met.

Article VIII. Article VIII and any that follow it may incorporate additional provisions that are agreed to by the grantor and trustee to complete the agreement. The grantor named above is establishing a Roth individual retirement account (Roth IRA) under section 408A to provide for his or her retirement and for the support of his or her beneficiaries after death.

The trustee named above has given the grantor the disclosure statement required by Regulations section 1.408-6.

The grantor has assigned the trust \$ _____

The grantor and the trustee make the following agreement:

Article I

Except in the case of a rollover contribution described in section 408A(e), a recharacterized contribution described in section 408A(d)(6), or an IRA Conversion Contribution, the trustee will accept only cash contributions up to \$3,000 per year for tax years 2002 through 2004. That contribution limit is increased to \$4,000 for tax years 2005 through 2007 and \$5,000 for 2008 and thereafter. For individuals who have reached the age of 50 before the close of the tax year, the contribution limit is increased to \$3,500 per year for tax years 2002 through 2004, \$4,500 for 2005, \$5,000 for 2006 and 2007, and \$6,000 for 2008 and thereafter. For tax years after 2008, the above limits will be increased to reflect a cost-of-living adjustment, if any.

Article II

1. The annual contribution limit described in Article I is gradually reduced to \$0 for higher income levels. For a single grantor, the annual contribution is phased out between adjusted gross income (AGI) of \$95,000 and \$110,000; for a married grantor filing jointly, between AGI of \$150,000 and \$160,000; and for a married grantor filing separately, between AGI of \$0 and \$10,000. In the case of a conversion, the trustee will not accept IRA Conversion Contributions in a tax year if the grantor's AGI for the tax year the funds were distributed from the other IRA exceeds \$100,000 or if the grantor is married and files a separate return. Adjusted gross income is defined in section 408A(c)(3) and does not include IRA Conversion Contributions.

2. In the case of a joint return, the AGI limits in the preceding paragraph apply to the combined AGI of the grantor and his or her spouse.

Article III

The grantor's interest in the balance in the trust account is nonforfeitable.

Article IV

1. No part of the trust account funds may be invested in life insurance contracts, nor may the assets of the trust account be commingled with other property except in a common trust fund or common investment fund (within the meaning of section 408(a)(5)).

2. No part of the trust account funds may be invested in collectibles (within the meaning of section 408(m)) except as otherwise permitted by section 408(m)(3), which provides an exception for certain gold, silver, and platinum coins, coins issued under the laws of any state, and certain bullion.

Article V

1. If the grantor dies before his or her entire interest is distributed to him or her and the grantor's surviving spouse is not the designated beneficiary, the remaining interest will be distributed in accordance with (a) below or, if elected or there is no designated beneficiary, in accordance with (b) below:

(a) The remaining interest will be distributed, starting by the end of the calendar year following the year of the grantor's death, over the designated beneficiary's remaining life expectancy as determined in the year following the death of the grantor.

(b) The remaining interest will be distributed by the end of the calendar year containing the fifth anniversary of the grantor's death.

2. The minimum amount that must be distributed each year under paragraph 1(a) above is the account value at the close of business on December 31 of the preceding year divided by the life expectancy (in the single life table in Regulations section 1.401(a)(9)-9) of the designated beneficiary using the attained age of the beneficiary in the year following the year of the grantor's death and subtracting 1 from the divisor for each subsequent year.

3. If the grantor's surviving spouse is the designated beneficiary, such spouse will then be treated as the grantor.

Article VI

1. The grantor agrees to provide the trustee with all information necessary to prepare any reports required by sections 408(i) and 408A(d)(3)(E), Regulations sections 1.408-5 and 1.408-6, or other guidance published by the Internal Revenue Service (IRS).

2. The trustee agrees to submit to the IRS and grantor the reports prescribed by the IRS.

Article VII

Notwithstanding any other articles which may be added or incorporated, the provisions of Articles I through IV and this sentence will be controlling. Any additional articles inconsistent with section 408A, the related regulations, and other published guidance will be invalid.

Article VIII

The Custodian or Trustee may amend this Agreement in any respect (including retroactively) so that the Agreement may conform with applicable provisions of the Internal Revenue Code ("Code"), or with any other applicable law as in effect from time to time, or to make such other changes to this Agreement as the Custodian or Trustee deems advisable. Any amendment made to comply with the Code, or applicable law, does not require the grantor's consent. The grantor will be deemed to have consented to any other amendment unless, within 30 days from the date the Custodian or Trustee mails the amendment, the grantor notifies the Custodian or Trustee in writing that the grantor does not consent and that the Account should be distributed or transferred to another Trustee or Custodian.

Article IX

The Trustee or Custodian may be removed or may resign at any time. As a condition of resignation or removal, a successor Trustee or Custodian shall be appointed, provided that any such successor shall satisfy the requirements of the Code. Upon the successor's acceptance of appointment, the assets of the Account(s) shall be transferred to the successor, provided, however, a portion of the Account(s) may be reserved for payment of any liabilities that may constitute a charge against the Account(s). Upon acceptance of appointment, the successor shall be vested with all power of the Custodian or Trustee pursuant to this Agreement. The Custodian or Trustee shall not be liable for the acts or omissions of any predecessor or successor to it. In the event that no successor accepts an appointment, the custodial or trustee Account(s) shall be terminated, and the assets of the Account(s), reduced by the amount of any unpaid fees, liabilities or expenses, will be distributed to the grantor (or following the death of the grantor, the beneficiary).

Purpose of Form

Form 5305-R is a model trust account agreement that meets the requirements of section 408A and has been pre-approved by the IRS. A Roth individual retirement account (Roth IRA) is established after the form is fully executed by both the individual (grantor) and the trustee. This account must be created in the United States for the exclusive benefit of the grantor and his or her beneficiaries.

Do not file Form 5305-R with the IRS. Instead, keep it with your records.

Unlike contributions to traditional individual retirement arrangements, contributions to a Roth IRA are not deductible from the grantor's gross income; and distributions after 5 years that are made when the grantor is 59½ years of age or older or on account of death, disability, or the purchase of a home by a first-time homebuyer (limited to \$10,000), are not includible in gross income. For more information on Roth IRAs, including the required disclosures the trustee must give the grantor, see **Pub. 590**, Individual Retirement Arrangements (IRAs).

Definitions

IRA Conversion Contributions. IRA Conversion Contributions are amounts rolled over, transferred, or considered transferred from a nonRoth IRA to a Roth IRA. A nonRoth IRA is an individual retirement account or annuity described in section 408(a) or 408(b), other than a Roth IRA.

Trustee. The trustee must be a bank or savings and loan association, as defined in section 408(n), or any person who has the approval of the IRS to act as trustee.

Grantor. The grantor is the person who establishes the trust account.

Specific Instructions

Article I. The grantor may be subject to a 6% tax on excess contributions if **(1)** contributions to other individual retirement arrangements of the grantor have been made for the same tax year, **(2)** the grantor's adjusted gross income exceeds the applicable limits in Article II for the tax year, or **(3)** the grantor's and spouse's compensation is less than the amount contributed by or on behalf of them for the tax year. The grantor should see the disclosure statement or Pub. 590 for more information.

Article V. This article describes how distributions will be made from the Roth IRA after the grantor's death. Elections made pursuant to this article should be reviewed periodically to ensure they correspond to the grantor's intent. Under paragraph 3 of Article V, the grantor's spouse is treated as the owner of the Roth IRA upon the death of the grantor, rather than as the beneficiary. If the spouse is to be treated as the beneficiary, and not the owner, an overriding provision should be added to Article IX.

Article IX. Article IX and any that follow it may incorporate additional provisions that are agreed to by the grantor and trustee to complete the agreement. They may include, for example, definitions, investment powers, voting rights, exculpatory provisions, amendment and termination, removal of the trustee, trustee's fees, state law requirements, beginning date of distributions, accepting only cash, treatment of excess contributions, prohibited transactions with the grantor, etc. Attach additional pages if necessary.
