Sweep Options

The sweep program consists of sweep options, which include money market mutual funds as well as a bank deposit product. The options available to you are subject to change and you should contact Saturna Brokerage Services for additional information on the products available to you through your sweep program.

Once a sweep option is elected, any free credit balance in your brokerage account will be automatically invested into the sweep product selected and any debits in your brokerage account will also be covered automatically by redemptions, to the extent you have a balance in the sweep product sufficient to cover the debit balance.

Saturna may receive distribution assistance payments or other fees from products made available on the cash sweep platform.

(Select only one)
